“ Dr. Day and family always welcomed me into their home so warmly while Roger and I were friends in high school together. He raised a wonderful family - they have been friends and people I admire always since we met. I am grateful that they welcomed me and our group of friends to spend quality time together in their home on so many occasions. I cherish my memories of time spent in their home and the special friendships that resulted from that time. May the whole family find comfort during this time of loss.

Warmly,
Carol Anderson Andrews

“ I remember meeting Jim at our son Jon and Margaret's wedding. My husband and I had a wonderful time that day talking to Mildred and Jim. As we talked at the reception, you could hear the love he had for Margaret, my son; and his family. Even though we only spent that one day with Jim, we have that memory of sharing that special day with him. Prayers for you Mildred and your beautiful family.

“ Being your neighbor has been the best. We have had many conversations in our yards about our plants. I will miss those. Our grandchildren could always count on some candy at Halloween. I'm glad we had the neighborhood Christmas party and you and Mimi were able to attend. My last memory of you was just before you fell this last time you were on your riding lawn mower checking out all the flowers and shrubs in your yard and particularly the space we shared between our yards. I think you had some particular ideas about that space. Rest in peace my friend. You will be missed.

“ Jim took great care of my eyes for many years and we worked together as Boy Scout leaders for seven years. I learned many life lessons from Dr Jim. He loved his family and cared for his mother's needs during her last years living in his home. Mimi was his life partner and they had so much fun together. His motto was, as Boy Scouts we never let a little rain or snow keep us from our monthly camping and hiking trips; and it never did. Dr. Day will be missed.

“ Thank you Dr. Day for being our very special friend and neighbor for so many years. You and your sweet family were like family. Roger was like the other son, spending much time at our home with son Chuck. We love you and will always have a special place in our heart. Our prayers are with your sweet family during this very sad time of their lives. Thank you for being such a wonderful community servant, you always found it in your heart to help the many organizations that ask you for donation. A big

servants heart describes you.
